

Universal junction flashing

----- Length (mm)
 - - - - Working length

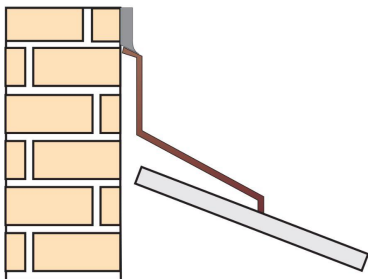

Available colours:

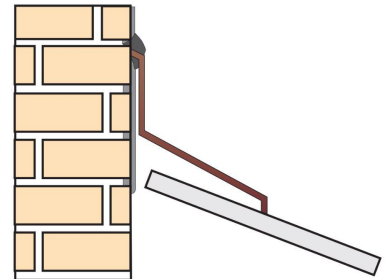

Item	Colour	Dimensions mm	Matching sheet colours
CMUNRT	RT	200x190x1112	RT - ROP

Examples of applications:

A) Before applying the plaster

B) With plaster already applied

Material:

Technopolymer

Use:

This accessory joins the sloping plane (roofing pitch) and the vertical surface (wall) combining a smooth part which has to be put on and fixed to the wall and another part that perfectly overlaps the sheet. The item overlaps the sheet to guarantee storm water downflow and prevent infiltrations.
