Item	A mm	B mm	D mm	F mm	G mm	H mm	S mm	Flow l/min*	Weight g
CHABS1040G	100	40	40	-	-	70-80	1,9	25	120
CHABS1050G	100	40	50	-	-	70-80	1,7	28	124
CHABS15G	148	143	50	140	45	72	-	40	220

Warning! For optimal adhesion, it is recommended to glue the gully trap body to the frame after determining the orientation of the drain.

Material: ABS

Colour: Light grey

Features: The grate is removable for all models. While only for the **CHABS1040G** and **CHABS1050G** gully traps the grate holder frame can be lowered to allow the total height to be adjusted by approximately 10 mm.

* Water flow l/min for all models according to the parameters of the standard (UNI EN1253)
