

Non return valves to bond

NRC32G

Item	Colour	Di (F) mm	De mm
NRC32G	grey	32,4	56
NRC40G	grey	40,4	56
NRC50G	grey	50,4	56

Material: PVC-U

Features: The valve is equipped with a unscrewable cover for inspection and maintenance. The valve body has an internal \varnothing 50 mm: the \varnothing 40 and 32 mm valves are supplied with concentric reductions in order to obtain the desired internal \varnothing . The reductions must be glued inside the tubes at the inlet and outlet of the valve, using PVC welding glue "item code COF125".

The valves are all CE marked as they comply with the EN13564-1 standard.
