

White duct system

Item	Colour	BxH mm	Ø mm	S mm
PM100B	white	160x160	100	54
PM125B	white	160x160	125	55

Description: Connector with wall plate and gasket for round duct

Material: ABS

Features: The wall connector plate is part of the ducted ventilation system which allows rapid evacuation of vapors (max 80°C) and unpleasant odors from environments such as the kitchen or bathrooms and a healthy exchange of air.
